Choosing a SOURCE to Display
The SOURCE button allows you to select the device you wish to use with the projector.

AUDIO Controls
Select the AUDIO button from the main menu to access the audio controls for computer and microphone volume.

SCREEN HEIGHT Controls
Select the SCREEN button from the main menu to access controls that allow you to raise or lower the projector screen.

PROJECTOR Display Options
Select the PROJECTOR button from the main menu to access options that affect what your audience is able to see on the projector screen.

DOC CAM Controls
From the main menu, select the SOURCE button, then from the source menu select the DOC CAM button.

DVD/VHS/BLU-RAY Controls
From the main menu, select the SOURCE button, the select DVD or VHS source. Your projector will display from this device and the control panel will appear on the touch screen (you will need to remote to control the DVD player, however).

LOGOUT Control
Logout of the Crestron controller is important to allow the equipment to cool down for next lecturer to have equipment available.

RESTARTING Computer
Restarting the computer puts the computer back in a ready state for next lecturer, if you only logout this can make the next presenter delayed as the system takes fair amount of time to reboot.
