Document Camera / Visualizer

To OPEN and CLOSE grab hand hook and push up or pull down.

If this symbol appears in lower right corner of white platform, this can be used as a white board with dry erase pens – pens and eraser are not provided.

Document Camera Head Controls

Zoom Control: Enlarge or shrink image
Freeze Frame: Image displayed will stay projected when “FREEZE” is selected. When re-pushed projector will display the new live current view.
Focus or Focus+: Manual focus
AF: Auto focus
Extern MENU: Unassigned

Accessories Cable Cubby: Located directly behind computer. VGA, DVI, AUDIO cables. Adapters not provided.

Shelf: Located next to the DVD player. Contains wireless mouse, DVD remote, wireless microphone (lapel), and extra batteries.

Do NOT remove the computer cables.
Choosing a SOURCE to Display
The SOURCE button allows you to select the device you wish to use with the projector.

- Blank Image: Allows you to show a blank screen to the audience on the projector. You can still see and use your device, the audience cannot.
- Freeze On: Freezes the image on the projector. You can still see and use your device, the audience only sees the frozen image.
- Freeze Off: Reverses the Freeze On button. Audience can now see a live image of what is displayed on your device.
- Image Normal: Reverses the Blank Image button. Audience can now see what is displayed on your device.

AUDIO Controls
Select the AUDIO button from the main menu to access the audio controls for computer and microphone volume.

- If there is no sound, make sure MUTE button has not been selected. From here you can control the speech or playback volumes using the buttons for each.

SCREEN HEIGHT Controls
Select the SCREEN button from the main menu to access controls that allow you to raise or lower the projector screen.

- LOGOUT Control
Logout of the Crestron controller is important to allow the equipment to cool down for next lecturer to have equipment available.

- RESTARTING Computer
Restarting the computer puts the computer back in a ready state for next lecturer, if you only logout this can make the next presenter delayed as the system takes fair amount of time to reboot.
