**LECTURE CAPTURE Controls**

Records projected image and audio only. For more information: rec.oregonstate.edu

**AUDIO Controls**

Playback (device) or Speech (microphone) buttons control volume levels. Increase the volume by selecting the button and decrease the volume by selecting the button.

If there is no sound, make sure the MUTE button has not been selected.

---

**HELP**

**ROOM (Light) Controls**

Presenter w/Class Notes - 75% lighting, with spotlights
Presenter w/No Class Notes - 75% lighting
No Presenter w/No Class Notes - 50% lighting, with spotlight
Movie - 50% lighting
Off - All off except egress lighting. Movie lighting.
On - All lights full on (no spotlight). Test taking.
Choosing a SOURCE to Display
The SOURCE button allows you to select the device you wish to use with the projector(s).

**SOURCE**

- HDMI, VGA, DISPLAY PORT, LAPTOP
- AIRMEDIA

**FREEZE**
Freezes the image on the projector. You can still see and use your device, the audience only sees the frozen image.

**BLANK**
 Allows you to show a blank screen to the audience on the projector. You can still see and use your device, the audience cannot.

**SYSTEM OFF CONTROLS**

Logout of the Crestron controller is important to allow the equipment to cool down for next lecturer to have equipment available.

**TABLES**
Contact Facilities Services for additional tables, 541-737-2969.
