Records projected image and audio only. For more information: rec.oregonstate.edu

AUDIO Controls

Playback (device) or Speech (microphone) buttons controls volume levels. Increase the volume by selecting the button and decrease the volume by selecting the button.

If there is no sound, make sure MUTE button has not been selected.
Teaching Station: LInC 200

Choosing a SOURCE to Display
The SOURCE button allows you to select the device you wish to use with the projector(s).

**COMPUTER**  Mac OS or Window OS

**AIRMEDIA** Bring your own device. Not suited for audio and video playback.

**PROJECTOR FREEZE** Freezes the image on the projector. You can still see and use your device, the audience only sees the frozen image.

**VISUALIZER** (overhead camera to view 2D or 3D objects). Controls for Zoom in/out and Freeze on/off are on camera head.

**LAPTOP**  HDMI, VGA, DISPLAY PORT
Bring your own device.

**MICROPHONES**  Use wireless microphone by lifting out of cradle.

**GYRATION AIR MOUSE**  Surface and hand-held mouse and presentation pointer.

**FLOORBOX**  In most cases, select center.

**PROJECTOR BLANK**  Allows you to show a blank screen to the audience on the projector. You can still see and use your device, the audience cannot.

Accessories Cable: Located directly behind monitor. VGA, HDMI, Display Port and AUDIO cables. Adapters not provided.

**SYSTEM OFF Control**
Logout of the Crestron controller is important to allow the equipment to cool down for next lecturer to have equipment available.

**RESTARTING Computer**
Restarting the computer puts the computer back in a ready state for next lecturer, if you only logout this can make the next presenter delayed as the system takes fair amount of time to reboot.

Reboot Only.

**TABLES**
Contact facilities services for additional tables 541-737-2969.
